He noted that both the west and east sides of the Millennium Bridge would be a continuous loop not to exceed a 5% slope. The west side the ramp would extend over the road. Mr. Rockmore brought up the option of removing the elevator on the east side to have the ramp connected to the deck in that area. Mr. Tryba with WSP also provided input. The Board requested that WSP and SAR to develop a feasibility study proposal to present at the April Board meeting.
